▶ A Small Photo Kiosk, That's Big Inside

Compact and All-in-One Design

HiTi P510K is the world first mini photo kiosk with less than 20kg, and is integrated with 10.2-inch TFT LCD touch screen, industrial computer system, media card slots, 6-inch roll-type printer, user-friendly workflow menu as well as powerful backstage management system to be designed within one product. HiTi P510K gives you the All-in-One solution for a perfect photofinishing station that you can possible get in the market.

Elegant and Stylish Appearance

With the world leading architecture structure design, HiTi P510K can easily capture everyone's attention with its elegant, stylish outlook taste and friendly user interface menu.

Full Connectivity

HiTi P510K supports various memory card types, USB storage devices, Bluetooth compatible connection, and also comes equipped with an external DVD/CD reader, which enable customers to print photos from their own storage equipment, wireless compatible device and DVD/CD media*.

* External USB DVD/CD reader is compatible with P510K, but it's not the standard equipment of package contents.

External Printer Connectivity

Through an USB cable, HiTi P510K can connect to an external printer, HiTi P510S, and make it as a slave printer. With this function, users may print various photo sizes without constantly changing the consumables. Simply set up the backstage system to enable it. Your photo business can be started right away.

▶ Complete and User-Friendly Workflow

Standalone Operation on Touch Screen

Utilizing a graphic user interface on a 10.2-inch TFT LCD touch screen, P510K allows the user to edit photos, add text and print the collage photo easily.

10.2"

Intuitive User Interface Design

HiTi P510K delivers the truly user friendly GUI (Graphic User Interface) for easy-to-use operation.

Backstage Management

HiTi P510K offers the complete backstage management functions, such as selling price setting, color adjustment and administration authority, enabling owners to set up the kiosk in an easiest way.
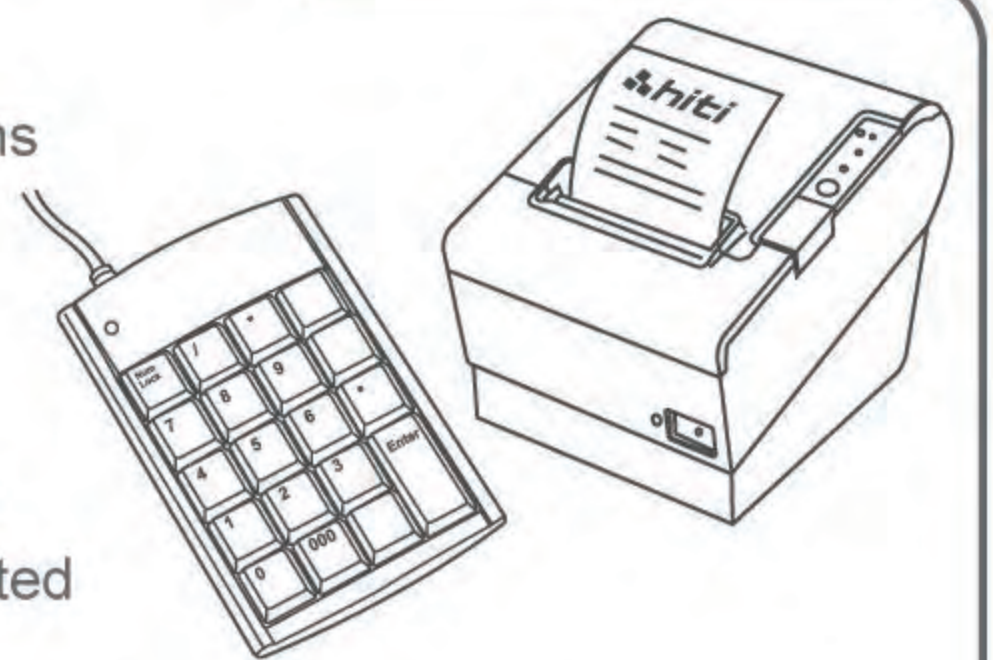

Customized Photo E-Frame

P510K enables the business owners freely to add the customized photo e-frame from the backstage system to provide the value-added holiday or event prints for customers.

Payment Solutions

According to the shop environment, HiTi P510K provides various payment solutions for shop owners to manage how the customers pay for their prints.

Receipt Printer Support

HiTi P510K is compatible with ESC/POS commands and can optionally be connected with the receipt printer.

* P510K supports only limited external payment solution devices, please refer to HiTi website for further details.
** External device is not a standard equipment of package contents.

▶ World Leading Output Quality

10-bit Color Engine

By adding an all-new OEE II image processor, HiTi is leading the industry in providing 10-bit deep color performance and unparalleled RGB-Level.

10-bit processing = 1,024
R 1,024 x G 1,024 x B 1,024 = 1 Billion Color

Fair (8-bit Color)
RGB level is not continuous

Excellent (10-bit Color)
RGB level is much more continuous
Powered by HiTi Color

HiTi Color Technology, a HiTi exclusive color management system, has won 8 DIMA shoot-out awards and is acclaimed by photographic professionals from around the world.

▶ Durable and Convenient Design

Improved Dust-Proof Housing

The Thermal Printing Head of the P510K photo kiosk is protected by an integrated dust cover, efficiently reducing contamination.
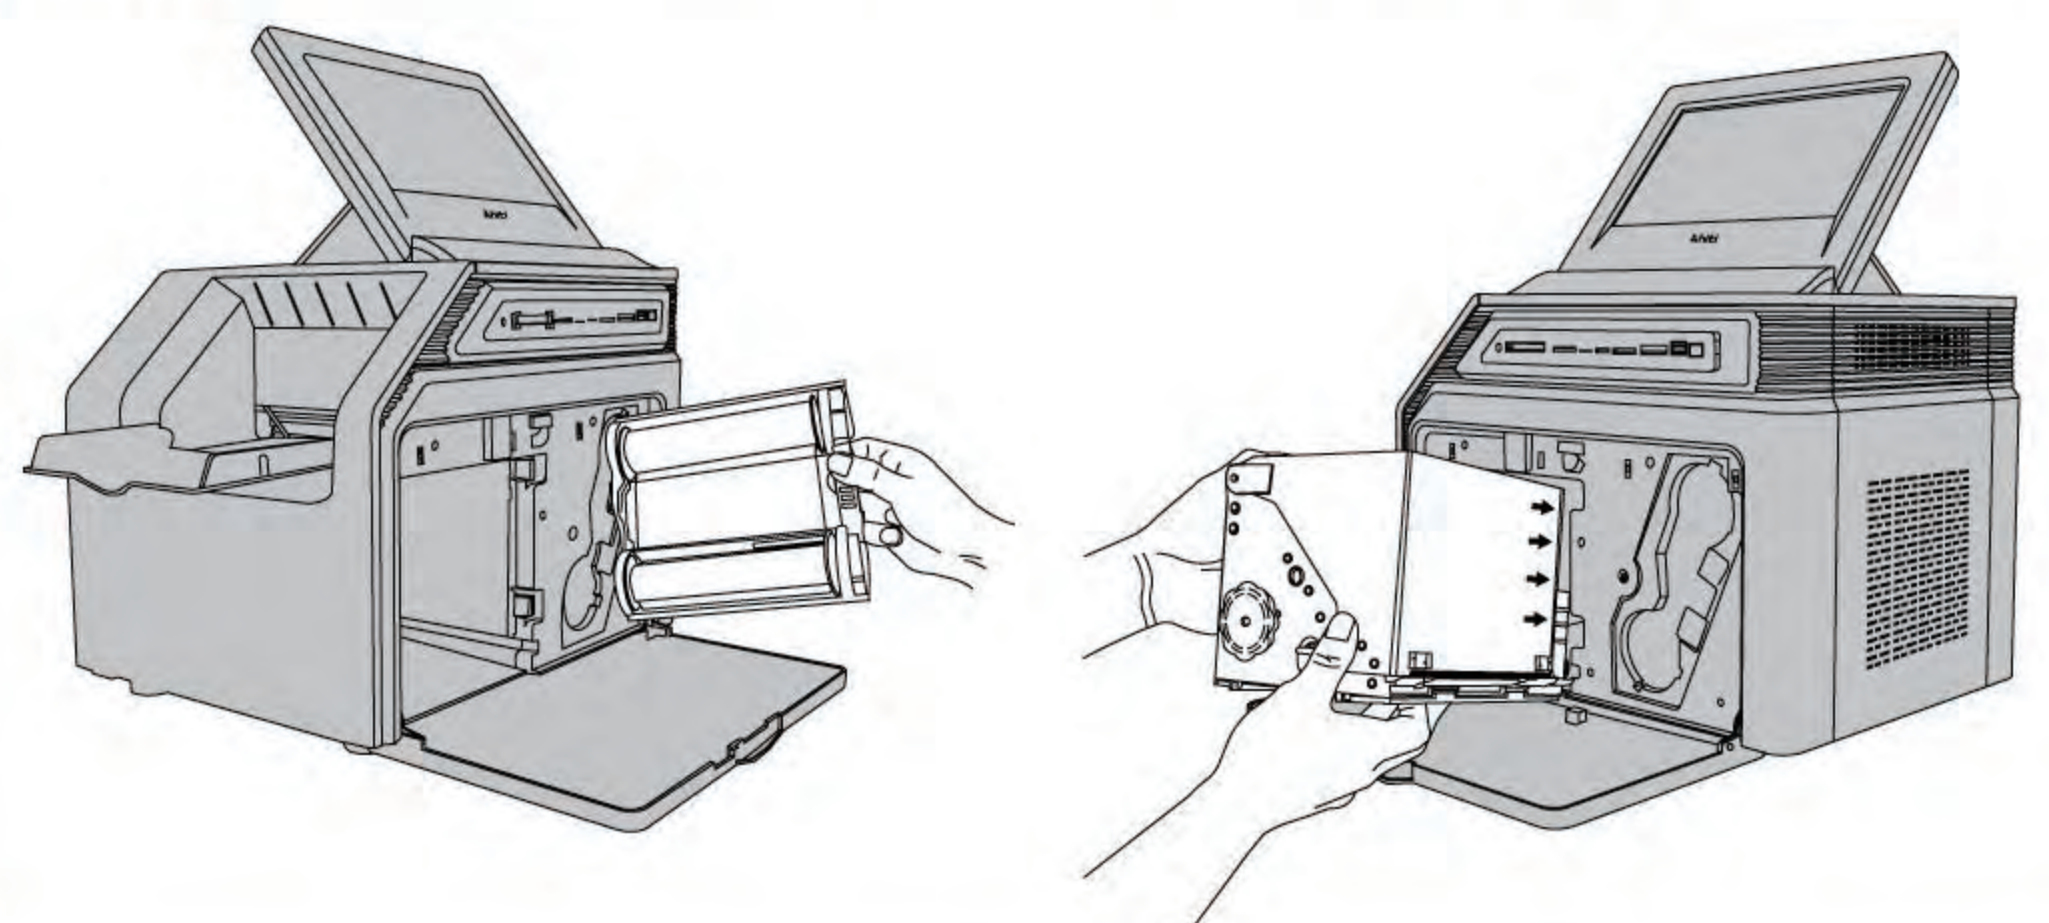

Lower Power Consumption

HiTi P510K delivers industry-leading performance and consumes less power. The total power consumption of HiTi P510K is about 350W, and it runs at less than 40W in as printer is idling.

Easy Replacement for Consumables

The front loading design of the HiTi P510K photo kiosk allows for easy access to the ribbon and paper roll resulting in easy and efficient maintenance procedures.
